SHORT DESCRIPTION

Short description (up to 5 pages) in English, including the following information:

- 1) scientific goal of the project (description of the problem to be solved, research questions and hypotheses)
- 2) significance of the project (state of the art, justification for tackling a specific scientific problem, justification for the pioneering nature of the project, the impact of the project results on the development of the research field and scientific discipline);
- 3) concept and work plan (general work plan, specific research goals, results of preliminary research, risk analysis);
- 4) research methodology (underlying scientific methodology, methods, techniques and research tools, methods of results analysis, equipment and devices to be used in research);
- 5) project literature (a reference list for publications included in the project description, with full bibliographic data).

The above-mentioned sections, including references to literature, are required. Failure to include any of them shall form grounds for rejection of the proposal on formal grounds.

The description must be delivered as PDF file (up to 10 MB).

Text limit: 5 pages, A4.

Recommended formatting: top-bottom margins: 1.5 cm, left-right margins: 2 cm, font: Times New Roman or equivalent, font size: at least 11, interline: single.

NOTE

Experts evaluating the proposal at the first stage of merit-based evaluation have no access to the detailed project description, therefore this description should include information necessary for the project to

FULL DESCRIPTION

Detailed description (up to 15 pages) in English, including the following information:

- 1) scientific goal of the project (description of the problem to be solved, research questions and hypotheses)
- 2) significance of the project (state of the art, justification for tackling a specific scientific problem, justification for the pioneering nature of the project, the impact of the project results on the development of the research field and scientific discipline);
- 3) concept and work plan (general work plan, specific research goals, results of preliminary research, risk analysis);
- 4) research methodology (underlying scientific methodology, methods, techniques and research tools, methods of results analysis, equipment and devices to be used in research);
- 5) project literature (a reference list for publications included in the project description, with full bibliographic data).

The above-mentioned sections, including references to literature, are required. Failure to include any of them shall form grounds for rejection of the proposal on formal grounds.

The description must be delivered as PDF file (up to 10 MB).

Text limit: 15 pages, A4.

Recommended formatting: top-bottom margins: 1.5 cm, left-right margins: 2 cm, font: Times New Roman or equivalent, font size: at least 11, interline: single.

Experts evaluating the proposal at the second stage of merit-based evaluation have no access to the short project description, therefore this description should include information necessary for the project to be evaluated.

ETHICAL ISSUES

To be filled out in English. If you flagged any of ethical issues included in the Ethics Issues Table, please describe measure taken to ensure that the research is carried out conforming to the common law (if applicable) and rules of good practice in the respective domain/discipline. Please refer to each identified issues separately

1.	Studies on human embryos or human embryonic and fetal tissue				
	Does your research involve the use of human embryos? (YES/NO)				
	Does your research involve the use of human embryonic or fetal tissues/cells? (YES/NO)				
	Does your research involve Human Embryonic Stem Cells (hESCs)? (YES/NO)				
2.	Humans				
	Does your research involve human participants? (YES/NO) If YES, fill in section 4.				
	Does your research involve physical or psychological interventions on the study participants? (YES/NO) If YES, fill in section 4.				
	Does your research involve processing of genetic information? (YES/NO) If YES, fill in section 4.				
	Is your research considered as medical experiment under the Act of 5 December 1996, the professions of doctor and dentist? (YES/NO) If YES, fill in section 4.				
	Does the proposed resarch include applicable non-commercial clinical trial that must be registered in Central Register of Clinical Trials (https://www.clinicaltrialsregister.eu/under the Act of 6 September 2001 (as amended) Pharmaceutical Law or the Act of 20 May 2010 (as amended) on medical devices? (YES/NO) If YES, please justify non-commercial aspect of your research and fill in section 4				
3.	Human cells/tissues				
	Does your research involve human cells or tissues (other than from Human Embryos, i.e. section 1) commercially available? (YES/NO)				
	Does your research involve human cells or tissues obtained within the project or from another project, laboratory or institution (non-commmercial)? (YES/NO)				

4.

Does your research involve personal data processing? (YES/NO)

Does your research involve further processing of personal data (secondary use) from other sources outside the research entity? (YES/NO)

5.	Animals
	Does your research involve vertebrate animals or cephalopods? (YES/NO)
	Does your research involve the use of animal biological specimens (e.g. blood, urine or others)? (YES/NO)
	Does your research involve animal cells or tissues commercially available? (YES/NO)
6.	Scientific collaboration with countries outside the European Union
	In case non-EU countries are involved, do the research-related activities undertaken in these countries raise potential ethics issues? (YES/NO)
	Do you plan to use local human, cultural or natural resources (e.g. animal and/or human tissue samples, genetic material, live animals, human remains, materials of historical value, endangered fauna or flora samples, etc.)? (YES/NO)
	Do you plan to import or export any material from non-EU countries into the EU? (YES/NO) For data imports or exports, please fill in also section 4.
	If your research involves low and/or lower middle income countries, are benefits-sharing measures foreseen? (YES/NO)
	Could the situation in the country put the individuals taking part in the research at risk? (YES/NO)
7.	Environment, Health and Safety (including genetically modified material)
	Does your research involve the use of organisms and microorganisms, tissues or cells genetically modified (GMO, GMM)? (YES/NO)
	Does your research deal with endangered fauna and/or flora and/or protected areas? (YES/NO)
	Does your research involve the use of elements that may cause harm to humans, including research staff? (YES/NO) For research involving human participants, please fill in also section 2.
8.	Cultural heritage
	Does the research involve the usage of cultural heritage resources, such as humans, flora, fauna, their material remains, tangible and intangible cultural achievements or sites protected due to their cultural value? (YES/NO)
9.	Abuse and dual use
	Does your research involve dual-use items in the sense of Regulation 428/2009, or other items for which an authorisation is required? (YES/NO)
	Does your research output have the potential for malevolent/criminal/terrorist abuse? (YES/NO)
	on of the measures taken to ensure that the research will be carried out in compliance with the rules of good scientific practice in the given field/discipline. Information on issions already issued or description of how the relevant requirements will be fulfilled [in English] up to 10 000 characters.
A detailed	I justification that research includes clinical trial related to a medicinal product or a medical device is of non-commercial nature [in English] up to 2500 characters

I hereby declare that:

- if any approvals, opinions or permits of competent authorities/committees are required for the research, I shall obtain them beforehand;
- I am aware of my obligation to provide the NCN with the approvals, opinions and permits required for the project with the annual and final reports;
- I am also aware that if a research project is carried out without the required approvals, opinions and permits, there is a possibility that it will not be settled and the funds will have to be reimbursed in their entirety or in part.

The description in English, up to 4500 characters, with spaces (plain text - no formulas, no graphics), shall include the most important information on the project allowing the experts requested to review the project to asses their competencies to perform the review.

ABSTRACT FOR THE GENERAL PUBLIC

The description for general public must be in Polish and in English. The language versions must be identical.

The descriptions must be attached as two separate PDF files (up to 10 MB).

File format: 1 page, A4.

Recommended formatting: top-bottom margins: 1.5 cm, left-right margins: 2 cm, font: Times New Roman or equivalent, font size: at least 11, interline: single.

The description should be written for general public and should include the project goal, description of research, reasons for attempting a particular research topic and substantial results expected.

Should the project qualify for funding, the abstract for the general public will be published on the National Science Centre's and Ośrodek Przetwarzania Informacji (OPI)'s websites alongside the information on the call's results.

INTERNATIONAL COOPERATION

To be filled out in English.

International cooperation means that research tasks are carried out together with investigators from foreign entities.

The following are not considered international cooperation:

- a) participation in international conferences:
- b) dissemination of information on the project abroad;

	entation of research tasks by a Polish research team abr ation with foreign researchers employed by Polish entitie		pation of investigators j	from foreign entities;

DATA MANAGEMENT PLAN

To be filled out in English.

The NCN recognises that some projects will not generate, re-use or analyse research data and similar materials. In these cases, a short explanation is required as an answer to the question 1.1. How will new data be collected or produced and/or how will existing data be re-used. Under each question, a text box for description (up to 1000 characters).

1.	Data description and collection or re-use of existing data
1.1	How will new data be collected or produced and/or how will existing data be re-used?
1.2	What data (for example the kinds, formats, and volumes) will be collected or produced?
2.	Documentation and data quality
2.1	What metadata and documentation (for example methodology or data collection and way of organising data) will accompany data?
2.2	What data quality control measures will be used?
3.	Storage and backup during the research process
3.1	How will data and metadata be stored and backed up during the research process?
3.2	How will data security and protection of sensitive data be taken care of during the research?
4.	Legal requirements, codes of conduct
4.1	If personal data are processed, how will compliance with legislation on personal data and on data security be ensured?
4.2	How will other legal issues, such as intellectual property rights and ownership, be managed? What legislation is applicable?
5.	Data sharing and long-term preservation
5.1	How and when will data be shared ? Are there possible restrictions to data sharing or embargo reasons?
5.2	How will data for preservation be selected, and where will data be preserved long-term (for example a data repository or archive)?
5.3	What methods or software tools will be needed to access and use the data?
5.4	How will the application of a unique and persistent identifier (such us a Digital Object Identifier (DOI)) to each data set be ensured?
6.	Data management responsibilities and resources
6.1	Who (for example role, position, and institution) will be responsible for data mangement (i.e the data steward)?
6.2	What resources (for example financial and time) will be dedicated to data management and ensuring the data will be FAIR (Findable, Accessible, Interoperable, Re-usable)?

PERSONAL DATA PROTECTION

Acting pursuant to Article 13 (1) and (2) of the Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data, and repealing Directive 95/46/EC (General Data Protection Regulation) (OJ L 2016, No 119, p.1), this is to inform all those applying for funding of a research project, scientific activity, fellowship or doctoral scholarship that:

- a) the National Science Centre ("NCN") with its registered office in Krakow at ul. Twardowskiego 16, 30-312 Kraków, is the controller of your personal data,
- b) the NCN's designated Data Protection Officer can be contacted via electronic mail at iod@ncn.gov.pl, by phone at +48 12 341 91 26 or directly at the registered office of the data controller.
- c) the NCN shall process your personal data pursuant to Article 6 (1) (c) of the General Data Protection Regulation, in conjunction with Article 20 of the Act on the National Science Centre of 30 April 2010 (Journal of Laws of 2018, item 947, as amended),
- d) your personal data shall be processed for the purpose of:
- evaluation of the proposal for funding of a research project, scientific activity, fellowship or doctoral scholarship,
- supervision, financial and accounting operations, audits performed in the course of and after the completion of the research project, scientific activity, fellowship or doctoral scholarship, evaluation of implementation thereof and settlement of funding agreements, if funding is granted for the completion of a research project, scientific activity, fellowship or doctoral scholarship, and
- evaluating the NCN's own tasks, reporting, dissemination of the information on the NCN's calls for proposals throughout the scientific community, implementation of other activities regulated by generally applicable laws and for archiving purposes,
- e) your personal data shall be processed from the moment it has been collected for as long as it is necessary to achieve the purposes indicated in point d) and to pursue related claims, for the period required by generally applicable laws and for the period of storage as defined by the NCN's records management procedures and the Uniform File Classification System,
- f) provision of your personal data is a statutory requirement and without its disclosure the purposes described in point d) cannot be achieved,
- g) the recipients of your personal data may only be entities authorised to collect personal data pursuant to generally applicable laws and, to the extent specified in Article 31 of the Act on the National Science Centre of 30 April 2010 (Journal of Laws of 2018, item 947, as amended), individuals using the NCN's website,
- h) your personal data may be transferred for processing to third parties, such as the National Information Processing Institute with its registered office at al. Niepodległości 188b, 00-608 Warsaw. Such third parties process data based on personal data transfer contracts and are also bound to keep the data being processed confidential,
- i) you have the right to access your personal data, correct your personal data and restrict the processing of your personal data, and
- j) you have the right to lodge a complaint with the President of the Personal Data Protection Office if the General Data Protection Regulation is violated.

ADMINISTRATIVE DECLARATIONS

where the applicant is not a natural person

Declarations by the PI

I hereby declare that:

- 1. the research tasks specified in this proposal are not and have not been funded from the NCN resources and/or from other sources;
- 2. should I apply for or receive funding of the research tasks specified in this proposal from another source than the NCN, I shall:
- a) in the event that funding is received from the NCN:
- resign from applying for funding from another source

.. .

- notify the authorised representative of the entity acting as the applicant of my resignation from funding of research tasks allocated by the NCN Director or b) in the event that funding is received from another source:
- notify the authorised representative of the entity acting as the applicant of my resignation from applying for funding under this call of proposal organised by the NCN or
- resign from accepting funding from other source;
- 3. should the proposal be recommended for funding, the results generated during the research project shall be evaluated and published in a journal/journals of international impact:
- 4. should the proposal be recommended for funding, I agree to have the project abstract for the general public published on the National Science Centre's and National Information Processina Institute's websites alongside the information on the call's results:
- 5. I have read the rules according to which the decision of the NCN Director is delivered;
- 6. I agree to have the application verified using anti-plagiarism software and the contents of the application placed in the software database; and
- 7. I have read the Code of the National Science Center on Research Integrity and Applying for Research Funding and undertake to use it;
- 8.In the event that funding is granted by the NCN, I will stay on the territory of Poland for at least 50% of the project duration according to regulations set forth in the Regulations on awarding funding for research tasks funded by the National Science Centre.

2. Declarations by the head of the entity / authorised representative

I hereby declare that:

- 1. the research tasks specified in this proposal are not and have not been funded from the NCN resources and/or from other sources;
- 2. should I apply for or receive funding of the research tasks specified in this proposal from another source than the NCN, I shall:
- a) in the event that funding is received from the NCN:
- resign from applying for funding from another source

or

- resign from funding of research tasks allocated by the NCN Director or
- b) in the event that funding is received from another source:
- resign from applying for funding under this call of proposal organised by the NCN

or -

- resign from accepting funding from other source;
- 3. should the research project be awarded funding, acting on behalf of the entity I represent, I shall:
- a) include the research project in the financial plan of the entity;
- b) employ the principal investigator and investigators necessary to conduct the research project in compliance with the proposal and terms of the call;
- c) employ the principal investigator for the project duration period pursuant to at least a part-time employment contract;
- d) provide the conditions required for the completion of the research, including access to laboratory/office premises and research equipment required for the completion of the research:
- e) provide the project with administrative and accounting assistance;
- f) supervise the completion of the research project and proper disbursement of project monies;
- 4. should the proposal be recommended for funding, I agree to have the project abstract for the general public published on the National Science Centre's and National Information Processing Institute's websites alongside the information on the call's results;
- 5. I have read the rules according to which the decision of the NCN Director is delivered;
- 6. I agree to have the application verified using anti-plagiarism software and the contents of the application placed in the software database; and
- 7. I have read the Code of the National Science Center on Research Integrity and Applying for Research Funding and undertake to use it.

where the applicant is a natural person

1. Declarations by the natural person acting as the applicant

I hereby declare that:

- 1. the research tasks specified in this proposal are not and have not been funded from the NCN resources and/or from other sources;
- 2. should I apply for or receive funding of the research tasks specified in this proposal from another source than the NCN, I shall:
- a) in the event that funding is received from the NCN:
- resign from applying for funding from another source

or

- resign from funding of research tasks allocated by the NCN Director or
- b) in the event that funding is received from another source:
- resign from applying for funding under this call of proposal organised by the NCN

or

- resign from accepting funding from other source;
- 3. should the proposal be recommended for funding, the results generated during the research project shall be evaluated and published in a journal/journals of international impact:
- 4. should the proposal be recommended for funding, I agree to have the project abstract for the general public published on the National Science Centre's and National Information Processing Institute's websites alongside the information on the call's results;
- 5. I have read the rules according to which the decision of the NCN Director is delivered;
- 6. I agree to have the application verified using anti-plagiarism software and the contents of the application placed in the software database; and
- 7. I have read the Code of the National Science Center on Research Integrity and Applying for Research Funding and undertake to use it;
- 8. In the event that funding is granted by the NCN, I will stay on the territory of Poland for at least 50% of the project duration according to regulations set forth in the Regulations on awarding funding for research tasks funded by the National Science Centre.

2. Declarations by the head of the entity/authorised representative

	I hereby declare that:
	1. the research tasks specified in this proposal are not and have not been funded from the NCN resources and/or from other sources;
	2. should I apply for or receive funding of the research tasks specified in this proposal from another source than the NCN, I shall:
	a) in the event that funding is received from the NCN:
	- resign from applying for funding from another source
	or
	- notify the natural person acting as the applicant of my resignation from funding of research tasks allocated by the NCN Director or
	b) in the event that funding is received from another source:
	notify the natural person acting as the applicant of my resignation from applying for funding under this call of proposal organised by the NCN
	or
	- resign from accepting funding from other source;
	3. should the research project be awarded funding, acting on behalf of the entity I represent, I shall:
	a) include the research project in the financial plan of the entity;
	b) employ the principal investigator and investigators necessary to conduct the research project in compliance with the proposal and terms of the call;
	c) employ the principal investigator for the project duration period pursuant to at least a part-time employment contract;
	d) provide the conditions required for the completion of the research, including access to laboratory/office premises and research equipment required for the completion of
	the research;
	e) provide the project with administrative and accounting assistance;
	f) supervise the completion of the research project and proper disbursement of project monies;
	4. should the proposal be recommended for funding, I agree to have the project abstract for the general public published on the National Science Centre's and National
	Information Processing Institute's websites alongside the information on the call's results;
	5. I have read the rules according to which the decision of the NCN Director is delivered;
	6. I agree to have the application verified using anti-plagiarism software and the contents of the application placed in the software database; and
	7. I have read the Code of the National Science Center on Research Integrity and Applying for Research Funding and undertake to use it.
