

INSTRUCTIONS FOR FILLING IN THE TAX INFORMATION AND ACCEPTANCE OF FCA

In connection with the entry into force of the **Framework Cooperation Agreement** which replaces "the **General Terms and Conditions of the Contract** for evaluating proposals in open calls of the National Science Centre", and for making changes to the **Tax Information**, log into the **ZSUN/OSF system** to read the agreement and complete the required data in **Tax Information**. This is important for cooperation with the Centre as well as for tax and accounting purposes. Please follow the instructions below to complete all data correctly.

1. At first, please log into the **ZSUN/OSF system** and next enter the tab **My personal data**, as you can see below.

2. After that, enter the tab **NCN Expert Reviewer's data**.

3. In the NCN Expert Data tab, please read the [Framework Cooperation Agreement](#) and go to the Tax Information section to complete the data. Entering data in the **Tax Information** is the next stage before accepting the **Framework Cooperation Agreement**.

TAX INFORMATION – COMPLETION

a. Personal Data

After clicking on the [Personal data](#) tab, a window for completing data will appear.

The screenshot shows a web form titled "Personal Data" with a "Print" button in the top right corner. The form contains the following fields: "Family name:", "First Name:", "Second name:", "Telephone:", and "E-mail:". Below the form, there is a "Save" button and a "Cancel" button.

Now, fill in required information such as (**Family name, First/Second name, Telephone, E-mail**). After filling in all information, please save data by clicking on "Save".

b. Home address and Address for correspondence

Next stage is filling in all data concerning **Home address** and **Address for correspondence** (if different from home address).

The screenshot shows a web form with two sections. The first section is titled "Home address :" and contains fields for "Country:", "Street:", "Building number:", "Flat number:", and "Postal code:". The second section is titled "Address for correspondence (if different from the address above):" and contains fields for "Country:", "Street:", "Building number:", "Flat number:", and "Postal code:".

Enter the tab as in the photo above ([Home address / Address for correspondence](#)), and after displaying the required window, complete the information as below. All data are mandatory, you can optionally enter the address for correspondence. Then, in separate windows (**see below**) you can complete the required data and save the completed information, clicking on "Save".

c. Identification data

The next step is to complete the Identification data. All information here is mandatory. To complete it, go to the tab **Identification data**, as you can see below. Then you can complete the required information and save it by clicking on "Save".

Identification Data			
Father's name:	<input type="text"/>	Mother's name:	<input type="text"/>
Date of birth (yyyy-mm-dd):	<input type="text"/>	Place of birth:	<input type="text"/>
Sex:	<input type="text"/>		
Taxpayer identification number:	<input type="text"/>		
<i>Taxpayer Identification Number (TIN) is a tax identification number allocated by the taxpayer's country of residence. If there is no TIN, a taxpayer should quote the number of an identity document issued by that country.</i>			
Place of issue of the above-mentioned number:	<input type="text"/>		
Place of work (affiliation):	<input type="text"/>		

Here, you should fill in: **Family and First name, Second name, Father's and Mother's name, Date and Place of birth.** Please indicate **Sex** – this information is for statistical purposes only.

You also have to select **Taxpayer Identification Number (TIN)**. TIN is a tax identification number allocated by the taxpayer's country of residence. If you do not have a TIN, please select another document, such as: **Social security number, Passport, Official identity document, Other tax document, Other identity document.** The last step is to save the data by clicking on "Save".

d. Personal Bank Account

While filling in your bank account details, please proceed as in the below cases. Please enter in the **Personal Bank Account** tab and complete the data in the required format, as in the pictures below.

Personal Bank Account

Full name of the account holder who performs work for the National Science Centre:

Beneficiary's bank account number (IBAN, where relevant):

An IBAN is an International Bank-Account Number. Information on it is available at your bank. An IBAN consists of up to 34 alpha-numeric characters comprising a country code, two check digits and a Basic Bank-Account number.

SWIFT code attributed to the beneficiary's bank (if relevant):

A SWIFT Code is a standard format of Bank Identifier Codes (BIC) and is a unique identification code attributed to a particular bank. These codes are used when transferring money between banks, particularly for international wire transfers. The SWIFT code consists of 8 or 11 characters.

Routing number/ABA (if relevant):

Routing number is a form of a bank code. It may refer to ABA (in Unites States) or routing number in Canada. ABA is a nine-digit code.

Beneficiary's bank name:

Account currency:

Save Cancel

Here, you have to fill in all blank items and select **Account currency**, which should be appropriate to where payment is sent. You should fill in **SWIFT code**, or **routing number/ABA**. Please bear in mind that the data in “**Personal Bank Account**” are solely those of the person performing work for the National Science Centre.

After filling in all data, save completed information by clicking on “Save”.

After completing the required information, please carefully check all the data, verify **Place of Work (Affiliation)** and **Auxiliary NCN Review Panels Identifiers** tab, and then accept **the Framework Cooperation Agreement** and **Confirm data**, as you can see below.
