

OPUS PROPOSAL COMPLETION IN THE OSF SYSTEM

Selected section in the OSF system	Sub-section	Language	Description
DURATION [in months]			<p>Under OPUS 23, funding may be requested for projects lasting: 12 months, 24 months, 36 months, 48 months.</p> <p>Further sections depend on this information. Project duration <u>cannot be changed</u> later.</p> <p>If the planned duration of the project changes, a new proposal must be made.</p>
NEW/REPEATED PROPOSAL	Was the proposal submitted in the previous edition of the OPUS call? (YES/NO)		<p>OPUS 22 was open to OPUS 22 proposals as well as OPUS 22 LAP proposals (in international collaboration pursuant to the Lead Agency Procedure with the NCN acting as the lead agency).</p> <p>If any such proposal was submitted in the previous edition of the call, answer "YES".</p>
	If "YES", please indicate the OPUS proposal registration number		<p>A proposal covering research tasks overlapping with those indicated in an earlier proposal may be submitted in two consecutive OPUS calls on condition that</p> <p>a) it was qualified to Stage II of the merit-based evaluation and was not awarded funding;</p>

Selected section in the OSF system	Sub-section	Language	Description
			<p>b) it was not qualified to the merit-based evaluation solely due to incompliance with the terms and conditions of the call or an unjustified cost estimate or the proposal was submitted to an incorrect panel;</p> <p>c) it was indicated by the Expert Panel in the proposals referred to in Article 20 of the Regulations</p> <p>d) it was rejected for formal reasons.</p> <p>E.g. If the proposal was submitted to the OPUS 22 call, provide its registration number as follows: 2021/43/B/??/?/????? or 2021/43/I/??/?/?????</p>
GENERAL INFORMATION	Project title	Polish and English	<p>Title of the research project in Polish and in English.</p> <p>The title in English must be identical to the title in Polish.</p>
	Keywords	Polish and English	<p>Keywords in English must be identical to the keywords in Polish.</p>
	Primary NCN Review Panel		<p>A research field should be selected in line with the current list of panels available at the NCN's website.</p>
	Auxiliary NCN Review Panels		<p>Choose from the list: HS1_001-HS6_021, ST1_001-ST10_016, NZ1_001-NZ9_013 from 1 to 3 of auxiliary NCN review panels, including at least one from the panel, to which a proposal is submitted.</p> <p>The proposal is evaluated in the panel to which it was submitted. It is not possible to change the panel after the proposal has been submitted. Auxiliary review panels help to select experts and external reviewers for the merit-based evaluation of the proposal. Interdisciplinary proposals, by</p>

			decision of the Chair of the Expert Panel, may receive additional evaluation by an expert from another panel.
APPLICANT	Applicant's status		<p>The applicant's status indicated in the proposal must be factually and legally correct.</p> <p>Only the following entities may apply for NCN funding for a research project:</p> <ol style="list-style-type: none">1. universities,2. federations of science and HE entities,3. research institutes of the Polish Academy of Sciences, operating pursuant to the Act on Research Institutes of 30 April 2010,4. research institutes operating pursuant to the Act on Research Institutes of 30 April 2010,5. international research institutes established pursuant to separate Acts, operating in the Republic of Poland,5a. Łukasiewicz Centre operating pursuant to the Act on the Łukasiewicz Research Network of 21 February 2019,5b. institutes operating within the Łukasiewicz Research Network,6. Polish Academy of Arts and Sciences,7. other institutions involved in research independently on a continuous basis,

Selected section in the OSF system	Sub-section	Language	Description
			<p>8. groups of entities (at least two entities mentioned in sections 1-7 or at least one institution as such together with at least one company),</p> <p>9. scientific and industrial centres within the meaning of the Act on research Institutes of 30 April 2010,</p> <p>10. research centres of the Polish Academy of Sciences within the meaning of the Act on the Polish Academy of Sciences of 30 April 2010,</p> <p>11. scientific libraries,</p> <p>12. companies operating as R&D centres within the meaning of the Act on Certain forms of Support for Innovative Activity,</p> <p>13. legal entities with registered office in Poland,</p> <p>14. natural persons,</p> <p>15. companies conducting research in another organisational form than laid down in sections 1-13.</p> <p>NOTE! If the applicant is a natural person, an entity implementing the research project may not be a group of entities, nor an entity for which project financing constitutes state aid.</p> <p>When a group of entities or a natural person applies, the name, country and status of the participating entity(-ies) must also be provided.</p>
PARTICIPATING ENTITIES	Entity name	Polish and English	Entity's name in Polish and English Participating entity(-ies) can be added from either the OPI Database or from outside the OPI Database.

Selected section in the OSF system	Sub-section	Language	Description
			<p>If the data of the participating entity is entered from the OPI database, most of the information will be downloaded automatically.</p> <p>The data should be verified, and in the case of erroneous or outdated data, contact the Information Processing Centre of the National Research Institute (OPI PIB) at the telephone numbers: (22) 351-71-01, (22) 351-71-04, (22) 351-70-89.</p> <p>The National Science Centre does not have the possibility to change the data of the participating entity.</p>
	Country		Only entities with registered office in Poland may be indicated
	Leader		<p>If the applicant is a group of entities, the leader shall be elected.</p> <p>PI's employer acts as a leader of the group of entities</p>
	Agreement on collaboration for the purposes of completion of the requested research project	Polish	<p>If the applicant is a group of entities, an agreement on cooperation for the implementation of the research project applied for should be attached.</p> <p>NOTE! The group of entities may comprise only entities established in the territory of the Republic of Poland.</p> <p>The specimen document is available in the OSF system and in the call announcement.</p> <p>The document should be signed by the persons authorised to represent the entities comprising the group of entities.</p> <p>The specimen document contains the necessary elements and cannot be changed or supplemented by additional cooperation arrangements</p>

Selected section in the OSF system	Sub-section	Language	Description
			<p>between entities.</p> <p>PLEASE NOTE: In the OSF system, the agreement is generated as a PDF file. If entities change, a new agreement must be downloaded, signed and then attached to the system.</p> <p>A group of entities has the right to sign additional documents governing cooperation within the group, but these should not be attached to the proposal in the OSF system.</p> <p>Attach an electronically signed agreement on collaboration in PDF format or a scan of the document signed by hand.</p> <p>PLEASE NOTE: Agreements containing mixed forms of signatures will be accepted, e.g. the leader will sign the document with a qualified electronic signature, while the partner(s) will sign it by hand. In this case, the agreement should first be signed by hand and then a scan of the handwritten document should be signed with a qualified electronic signature in the PAdES format.</p> <p>Documents signed electronically should be affixed with an advanced electronic signature or a qualified electronic signature compliant with Regulation (EU) No 910/2014 of the European Parliament and of the Council of 23 July 2014 on electronic identification and trust services for electronic transactions in the internal market and repealing Directive 1999/93/EC.</p> <p>PLEASE NOTE: The agreement must contain the signatures of the persons representing the entities comprising the group of entities. If the document</p>

		Other major scientific achievements		<p>PLEASE NOTE: Tab to be completed in English.</p> <p>Information on other relevant learning achievements and scholarly activities.</p> <p>Optional tab.</p>
SENIOR RESEARCHER	Information			<p>This section should provide information on the Senior Researcher.</p> <p>A position may be planned for a person who obtained a PhD degree at least 7 years before the date of proposal (closing date of the call for proposals) and completed a foreign post-doctoral training(s), having specialised knowledge, unique competences and achievements necessary to perform research tasks planned in the project.</p> <p>The creation of a position is optional. Both the rationale for its creation and the person's achievements, competences and qualifications shall be subject to a merit-based evaluation.</p> <p>This is a full-time position, co-financed by the participating entity, in which the employment of this position is foreseen. The funding must be at least PLN 70,000 per year.</p> <p>A Senior Researcher can be added from either the OPI Database or from outside the OPI Database.</p> <p>If the data of the Senior Researcher is entered from the OPI database, most of the information will be downloaded automatically.</p>

Selected section in the OSF system	Sub-section	Language	Description
			<p>The data should be verified, and in the case of erroneous or outdated data, contact the Information Processing Centre of the National Research Institute (OPI PIB) at the telephone numbers: (22) 351-71-01, (22) 351-71-04, (22) 351-70-89.</p> <p>The National Science Centre does not have the possibility to change the data of the Senior Researcher.</p>
	Contribution to the project	English	Specify the type of contribution, the entity where the Senior Researcher will be employed and the scope of work.
	Eligibility of Senior Researcher for the call	Polish and English	<p>This section should answer the questions:</p> <p>“Does the person planned for the position of Senior Researcher have a PhD degree?</p> <p>According to the terms of the call, the person intended to be recruited as a researcher should have obtained a PhD degree at least 7 years before the date of proposal.</p> <p>If you answered “YES”, please indicate the daily date of award of the degree, the field (for those who have obtained more than one PhD degree, the reference date is the date of obtaining the first one) and the scientific discipline, as well as the name of the subject.</p> <p>Has the proposed Senior Researcher(s) completed a documented doctoral training(s) of at least 24 months in total in organisations other than the</p>

PERSONNEL COSTS AND SCHOLARSHIPS	Principal Investigator (PI)	Polish and English	<p>Remuneration should be planned according to the Regulations on awarding funding for research tasks funded by the National Science Centre, in the wording applicable to this edition of the OPUS 23 call.</p> <p>The remuneration of the principal investigator (PI) can only be planned under one category: FTE remuneration or additional remuneration. The principal investigator (PI) also has the option to select “without remuneration”.</p> <p>The type of employment must be selected in the proposal:</p> <ul style="list-style-type: none"> • FTE remuneration; • additional remuneration; • without remuneration. <p>The FTE remuneration for the principal investigator (PI) may be planned for a period that is shorter than the performance period of the research projects, in amounts proportionally lower for the period for which it is planned.</p> <p>The employment of a principal investigator (PI) on the basis of a full-time or part-time employment contract is also possible with funds under the category of additional remuneration.</p> <p>According to the Regulations The budget of additional remuneration shall be calculated as follows: the composition of the research team excludes the persons to be employed under the FTE remuneration budget and under the budget of remuneration and scholarships for under- and post-graduate students if the budgets are provided for in the call.</p>
---	-----------------------------	--------------------	--

			<p>Therefore, where a principal investigator (PI) is planned to be employed from the FTE remuneration budget, he/she is not entitled to receive additional remuneration.</p> <p>Remuneration of the principal investigator (PI):</p> <ul style="list-style-type: none">– PLN 170,000 when the principal investigator plans to be employed under the FTE remuneration:- max. PLN 3,000 when the principal investigator does not plan to be employed under the FTE remuneration. <p>The principal investigator does not need to plan his/her own remuneration. In that case, you should choose the type of employment: unpaid.</p>
--	--	--	--

Selected section in the OSF system	Sub-section	Language	Description
	Post-doc		<p>The type of employment must be selected in the proposal:</p> <ul style="list-style-type: none"> • FTE remuneration <p>Remuneration for a post-doc – PLN 140,000 per year, assuming that the person intended for employment fulfils all the following conditions:</p> <ol style="list-style-type: none"> a) will be selected under an open call held by a recruitment commission nominated by the principal investigator performing the research project, composed of the principal investigator as the chairperson and minimum two persons designated by the principal investigator holding appropriate scientific or professional qualifications. Candidate shall be assessed on the basis of the criteria set out in the call announcement, and the results of the call shall be made public by posting on the website of the entity to perform the research project' b) the principal investigator was not the supervisor or associate supervisor of her dissertation; c) obtained a PhD degree in an entity other than the one where the post is planned to be filled or completed a continuous and documented post-doctoral training of at least 10 months in an entity other than the one implementing the project and in a country other than the country where the PhD degree was obtained; d) will be employed for minimum 6 months;

Selected section in the OSF system	Sub-section	Language	Description
			<p>e) when the remuneration is paid, such person is not paid any other remuneration from funds allocated as indirect costs under research projects financed under NCN's calls;</p> <p>f) when the remuneration is paid, such person is not paid remuneration with any other employer under an employment contract, including an employer domiciled in Poland;</p> <p>It is allowed to employ several people in post-doc positions provided that the total duration of employment of all people in these positions does not exceed twice the planned duration of the project and the employment of one person is not shorter than 6 months.</p> <p>Where the applicant is a group of entities, it is possible to plan this position in more than one entity, provided that each of these persons fulfils the above conditions.</p> <p>It is possible to specify a higher amount of the remuneration if this is justified with specific circumstances specified in the proposal. The reasons to raise the remuneration shall be reviewed by the Expert Team.</p> <p>The FTE remuneration for a person in a post-doc position may be planned for a period that is shorter than the performance period of the research projects, in amounts proportionally lower for the period for which it is planned.</p>
	Scholarship grantee/Student/PhD student		<p>The type of employment must be selected in the proposal:</p> <ul style="list-style-type: none"> - student's or PhD student's scholarship/remuneration

Selected section in the OSF system	Sub-section	Language	Description
			<p>In the OPUS 23 call the budget for remuneration and scholarships for under- and post-graduate students per each month of project performance will be maximum PLN 10,000.</p> <p>The total amount of remuneration and scholarships financed under NCN for under- and post-graduate students under one or more research projects financed by NCN may not exceed PLN 5,000 monthly. Such amount shall not include post-graduate scholarships financed in the ETIUDA call and remuneration for the principal investigator under the PRELUDIUM call.</p> <p>Within the budget for remuneration and scholarships for under- and post-graduate students, it is possible to plan funds for:</p> <ul style="list-style-type: none"> a) NCN scientific scholarships for under and post-graduate students, b) PhD scholarships c) remuneration for under and post-graduate students. <p>In the case of a project implemented in an entity for which financing will constitute state aid, financial resources for students and PhD students may be planned only in the form indicated in letter c.</p>
	Senior Researcher position		<p>The type of employment must be selected in the proposal:</p> <ul style="list-style-type: none"> • FTE remuneration <p>It is possible to plan the participation of only one person, whose name must be included in the proposal. The qualifications of this person and the rationale for creating the position will be subject to formal and merit-based evaluation.</p>

Selected section in the OSF system	Sub-section	Language	Description
			<p>FTE remuneration for the position of the Senior Researcher – can be planned within the project funds in the amount of PLN 70,000 per year, provided that this remuneration will be co-financed from the own funds of the entity, in which the project is implemented in the amount of at least PLN 70,000 per year and the person planned to be employed on this position will fulfil all the following conditions:</p> <p>a) will be employed for a period of not less than 6 months on a FTE basis and their remuneration will be funded from the own funds of the participating entity, in which the employment in this position is planned, in the amount of at least PLN 70,000 per year;</p> <p>b) has completed a documented post-doctoral training(s) of a total duration of at least 24 months in entities other than the participating entity(-ies) implementing the project, where employment in this position is planned, including at least 10 months of continuous and documented post-doctoral training in an entity other than the entity(-ies) implementing the project and in a country other than the country where the PhD degree was awarded;</p> <p>c) when the remuneration is paid, such person is not paid any other remuneration from funds allocated as indirect costs under research projects financed under NCN's calls;</p> <p>d) when the remuneration is paid, such person is not paid remuneration with any other employer under an employment contract, including an employer domiciled in Poland;</p>

Selected section in the OSF system	Sub-section	Language	Description
			<p>e) the principal investigator will not be paid any pension benefit from the social insurance system.</p> <p>The FTE remuneration for the senior researcher may be planned for a period that is shorter than the performance period of the research projects, in amounts proportionally lower for the period for which it is planned.</p> <p>It is acceptable to employ one Senior Researcher for the whole duration of the project.</p> <p>PLEASE NOTE: In this section, the person representing the participating entity where the position is envisaged must submit a declaration that they commit to funding the position with at least PLN 70,000 per year.</p>
	Investigator		<p>The type of employment must be selected in the proposal:</p> <ul style="list-style-type: none"> • additional remuneration; • without remuneration. <p>Additional remuneration for members of the research team – if the principal investigator (PI) does not plan his/her employment in the project as part of the FTE remuneration, his/her remuneration is included in the additional remuneration pool. Additional remuneration may be planned for members of the research team to be employed under employment contracts in full or partial jobs and under civil law contracts.</p> <p>In the OPUS call, it is not possible to plan remuneration for students or PhD students within the additional remuneration.</p>

Selected section in the OSF system	Sub-section	Language	Description
			<p>A member of the research team who is paid remuneration under an employment contract in the entity performing the research project, may be paid additional remuneration solely in a form other than under a civil law contract.</p> <p>The budget of additional remuneration shall be calculated as follows: the composition of the research team excludes the persons to be employed under the FTE remuneration budget and under the budget of remuneration and scholarships for under- and post-graduate students if the budgets are provided for in the call.</p> <p>The number of persons calculated as specified above will constitute the basis to calculate the maximum budget of additional remuneration under the research project. The maximum budget of additional remuneration planned for the principal investigator may not be increased when the project is being performed.</p> <p>In the OPUS call, the budget of additional remuneration per each month of project performance, for all researchers may amount maximum to:</p> <ul style="list-style-type: none"> a) when the principal investigator does not plan to be employed under the FTE remuneration: <ul style="list-style-type: none"> – PLN 3,000 per one person; – PLN 4,500 per two persons, including maximum PLN 3,000 for the principal investigator;

Selected section in the OSF system	Sub-section	Language	Description
			<ul style="list-style-type: none"> – PLN 5,500 per three or more persons, including maximum PLN 3,000 for the principal investigator. <p>b) when the principal investigator plans to be employed under the FTE remuneration:</p> <ul style="list-style-type: none"> – PLN 1,500 for one person; – PLN 2,500 for two or more persons. <p>More information on the rules of planning the costs may be found in the LAP Regulations and in the Regulations on awarding scholarships in NCN-funded research projects.</p> <p>If unjustified costs are planned, proposals may be rejected.</p>
RESEARCH EQUIPMENT			<p>This category covers the purchase or development costs of scientific and research instruments, other equipment and software required to perform scientific work.</p> <p>The project may not finance or co-finance the purchase or production of scientific and research equipment and IT infrastructure whose unit value exceeds PLN 500,000.</p> <p>Leasing costs of scientific and research equipment are a non-eligible cost.</p>
OTHER COSTS			<p>In the section “Other direct costs”, indicate the relevant type of costs, their amount and the justification for their expenditure.</p> <p>Costs must be planned according to Regulations on awarding funding for research tasks funded by the National Science Centre.</p> <p>Direct costs may be planned in the following categories:</p>

Selected section in the OSF system	Sub-section	Language	Description
			<ul style="list-style-type: none"> • Materials and small equipment, • External services (in the case of publications covered by the NCN Open Access Policy, costs of services related to the preparation of the manuscript for submission to the publishing house are eligible), • Business trips, • Visits and consultations, • Collective investigators, • Other (other costs).
OPEN ACCESS (OA)			<p>Open Access indirect costs of up to 2% of direct costs, which can only be used for costs related to making publications or research data available in open access</p> <p>Please enter the amount of Open Access costs planned for the whole project implementation period (in PLN).</p> <p>The costs of publishing Open Access work can only be planned as part of indirect costs. OA costs, excluding the publication of monographs, cannot be planned under direct costs.</p> <p>The National Science Centre allows for the possibility of covering part of the costs of publishing in open access from the remaining indirect costs or from the entity's own resources.</p> <p>Additional information on Open Science is available here.</p>

Selected section in the OSF system	Sub-section	Language	Description
BUDGET SUMMARY			<p>This section will present a summary breakdown of planned costs by year, according to the declared project implementation period (if the planned project implementation period is longer than 12 months).</p> <p>The amount of indirect costs should be indicated in this section.</p> <p><u>Indirect costs</u> are costs that are directly related to the research project and required to perform it. Indirect costs consist of:</p> <ul style="list-style-type: none"> – open Access indirect costs of up to 2% of the direct costs to be planned in the Open Access category – other indirect costs of <u>up to 20% of direct costs</u>, which may be allocated to costs indirectly related to the project, including costs of making publications or research data accessible through open access. <p><u>At the stage of project performance, the host institution shall be obliged to agree with the Principal Investigator (PI) a minimum 25% of the indirect costs to be covered.</u></p> <p>This section will show the percentage of planned Open Access indirect costs.</p>
Administrative statements			<p>This section of the proposal contains administrative statements that must be accepted by both the principal investigator (PI) and the person representing the participating entity.</p>

Selected section in the OSF system	Sub-section	Language	Description
Personal data protection			<p>Information on personal data processing.</p> <p>Personal data provided by principal investigators and applicants in the proposal will be processed by the National Science Centre until the end of implementation of these projects and their settlement (in case of receiving funding), and after this period will also be used for statistical purposes. The collected data will be processed in order to evaluate the proposal, the project as well as the tasks carried out by NCN, disseminate information on the calls organised by NCN. Data processing also includes monitoring, supervision and evaluation of the implementation and settlement of projects that have received funding from NCN. For more information, see https://ncn.gov.pl/en/dane-osobowe</p>
Experts	Information on possible conflict of interest – information only for NCN employees		<p>In this part of the proposal, the principal investigator (PI) may indicate a maximum of 3 persons who, in his/her opinion, should not evaluate the proposal due to a possible conflict of interest.</p> <p>Provide their names and affiliations.</p> <p>The final decision on the selected experts is taken by the NCN</p>

Selected section in the OSF system	Sub-section	Language	Description
<p>ELECTRONIC SUBMISSION</p> <p><i>The section will appear after clicking "Block for NCN"</i></p>	<p>Confirmation of submitting the proposal (PI)</p> <p>Confirmation of submitting the proposal (entity).</p>		<p>Following completion of the proposal's individual tabs and after checking its completeness, please block a possibility of editing the proposal by "Block for NCN" button. After the proposal has been blocked for NCN, only an abbreviated and detailed description of the research project is possible. After the proposal has been blocked, a new <i>Electronic submission</i> tab will appear on the left-hand side menu.</p> <p>In this section you should download:</p> <ul style="list-style-type: none"> • Confirmation of submitting the proposal (PI) <p>and</p> <ul style="list-style-type: none"> • Confirmation of submitting the proposal (entity). <p>Confirmations must be signed and attached to the proposal prior to its submission to the NCN.</p> <p>Files with proposal submission confirmations may be viewed or deleted to attach other files. If going back to the edition stage happens after any file with a confirmation has been attached, such file will be deleted from the proposal.</p> <p>After the proposal has been blocked for edition again, the operations of downloading confirmations, signing, and attaching files must be repeated.</p> <p>When the applicant is a group of entities, the confirmation shall be signed solely by a person representing the leader of the group of entities.</p>

Selected section in the OSF system	Sub-section	Language	Description
			<p>Proposal submission confirmations may be signed in two ways: by hand or electronically.</p> <p>If a confirmation has been signed by hand, the proposal must be appended with its scan here: Add confirmation scan. The original must be kept until the end date of the proposal evaluation date, and, if the proposal has been qualified for funding, until the execution date of a contract for the research project implementation and funding.</p> <p>An electronically signed confirmation of proposal submission should be affixed with an advanced electronic signature or a qualified electronic signature compliant with Regulation (EU) No 910/2014 of the European Parliament and of the Council of 23 July 2014 on electronic identification and trust services for electronic transactions in the internal market and repealing Directive 1999/93/EC.</p> <p>Upon NCN's request the applicant shall be obliged to demonstrate that the electronic signature that has been used is compliant with the eIDAS Regulation.</p> <p>PDF is the only format acceptable in the OSF system. Therefore, electronic signatures must be in the PAdES format.</p> <p>In this section, download confirmation of submitting the proposal (entity) and confirmation of submitting the proposal (PI). Confirmation of submitting the proposal must be signed with a qualified electronic signature in PAdES format or with a trusted signature in PAdES format or</p>

			<p>by hand and a scan of this document as a PDF file must be attached to the proposal .</p> <p>If the confirmation of submitting the proposal is electronically signed it should be attached in place: Confirmation with an electronic signature.</p> <p>If the confirmation of submitting the proposal (PI) has been signed by someone other than the principal investigator (PI), then authorisation to represent the principal investigator (PI) must be included in this section. The authorisation may be attached to the proposal either as an electronic document or as a scanned document signed by hand.</p> <p>If the confirmation of submitting the proposal (entity) is signed by someone other than the head of the entity, then the authority to represent the entity must be included in this section. The authorisation may be attached to the proposal either as an electronic document or as a scanned document signed by hand.</p> <p>The confirmation of submitting the proposal (PI) and confirmation of submitting the proposal (entity) downloaded from the OSF system are affixed with an electronic OPI PIB seal. This seal is used to ensure the integrity of the data contained within a generated document (it is then possible to verify that data has not been altered, added or deleted in an unauthorised manner). The presence of the OPI-PIB seal confirms that the source of these data is the OSF system.</p> <p>When electronically signed files are attached to a proposal, the system verifies that the document relates to the proposal and its final version, and that it contains the OPI seal and electronic signature. The system does not</p>
